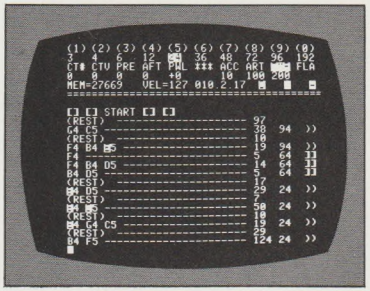
REAL-TIME

☐ 16 channel unlimited track recording with Solo/Mute on each track ☐ Real-Time punch in/out with "trim function" and fast forward/rewind ☐ MIDI Thru lets you hear any of 16 different sound sources from your master keyboard ☐ Master Clock syncs to and from MIDI, internal clock and tape ☐ Advanced tape sync writes a variable tempo pulse to tape, accurately reading tempo changes and allowing synchronization to visual events ☐ No limit to amount of tracks with track mix function ☐ Records all controllers including pitch bend, velocity and aftertouch ☐ Over 6000 note memory without loops or repeats.



STEP-TIME

☐ Quikstep editor lets you step input and step edit pitch, duration, velocity, articulation, tempo and more ☐ Convert real-time sequences to and from step-time files for visual editing ☐ See and hear music while you record, edit and play back ☐ Move anywhere in a sequence by locating to phrase markings and beginning and end points ☐ Cut, Copy and Paste editing allows you to step assemble sequences by copying, repeating and altering individual phrases ☐ High resolution duration control lets you do complex track shifting, MIDI delay and phasing effects ☐ Step-Time punch in/out gives precise control over sequencing editing.

SONG MODE

☐ Song editor allows you to step-assemble songs using full 16 channel sequences created in step or real-time ☐ Build songs just like you would with a drum machine ☐ 255 different sequences can be assembled using any of 255 different steps ☐ Individual sequences within a song can play back in any order, tempo or transposition and repeat as often as desired ☐ Special "Scroll Mode" lets you visually scroll through sequence steps during edit of songs ☐ Solo/Mute on individual sequence tracks for efficient use of tape sync with a limited number of synthesizers ☐ Virtually limitless note storage in Song Mode using repeat function.

Requirements:

1 Apple II+//e, //c or Commodore 64, 128 Computer

1 Disk drive with controller

1 Passport MIDI Interface™ or MIDI PRO Interface™ (for //c)

1 or more MIDI equipped synthesizers

1 Set game (hand) controllers or joystick for Quikstep
